

DATASHEET

Distributed Network Protocol (DNP3) Master Gateway PLX51-DNPM

The PLX51-DNPM gateway provides intelligent routing between DNP3 (Distributed Network Protocol) and either EtherNet/IP™ or Modbus® protocols. The gateway supports Ethernet and Serial communications.

The PLX51-DNPM gateway is a DNP3 Master.

The gateway allows the user to integrate DNP3 devices over a secure link into a Rockwell Automation® Logix system with minimal effort. No copying or mapping of data in the Logix controller is required, as the PLX51-DNPM writes directly into Logix tags.

The PLX51-DNPM allows users to integrate the gateway into a Modbus TCP/IP or serial network. The gateway supports Modbus TCP/IP Client and Server and Modbus RTU protocols.

The module provides DNP3 Secure Authentication v5, which enables the user to connect DNP3 devices to a Logix platform securely. The module also provides a range of diagnostics and statistics, as well as a DNP3 traffic analyzer to assist with fault-finding.

The PLX51-DNPM can be configured to operate in these modes:

- Master – The PLX51-DNPM communicates to DNP3 slave devices and transfers the data to an EtherNet/IP- or Modbus-based PLC.
- Data Concentrator – The PLX51-DNPM will act as a master and outstation. The module will be a master to other DNP3 slave devices and then an outstation to the DNP3 SCADA Master.

Features

- ◆ Peer-to-peer communications
- ◆ Supports DNP3 Secure Authentication v5
- ◆ Supports EtherNet/IP, and Modbus Master and Slave protocols (TCP/IP and RTU)
- ◆ Supports DLR (Device Level Ring) for EtherNet/IP Networks – enables ring topology with provides network resiliency
- ◆ Onboard storage for > 1.3M DNP3 Events
- ◆ Support for unsolicited reporting
- ◆ Disaster recovery via the microSD Card
- ◆ DNP3 Level 3 compliant
- ◆ The PLX50 Configuration Utility software is used for configuration and troubleshooting of the module. The stand-alone configuration utility allows users to define the setup and configuration of the PLX51-DNPM gateway, and connections with controllers and devices.
- ◆ The configuration utility can be downloaded from www.prosoft-technology.com

DNP3 Specifications

Specification	Description
Mode Supported	Master, Data Concentrator, Unscheduled
Application Functions Supported*	<ul style="list-style-type: none">• Read• Write• Select Before Operate• Direct-Operate• Direct-Operate-No-Response• Authentication Request and Response• Freeze, Freeze-No-Response, Freeze and Clear• Unsolicited Response
DNP3 Secure Authentication	Yes (v5)
DNP3 Events Supported	Yes
DNP3 Class Supported	0, 1, 2, 3
DNP3 Groups and Variations	Yes (see manual and device profile document)
DNP3 Unsolicited Responses	Yes
DNP3 Time Sync	Yes
DNP3 Objects*	Binary, 16-bit Analog, 32-bit Analog, Counters, Octet Strings, Unsigned Integers
Event Buffer	>1.3 million events (50K per DNP3 Group per DNP3 Event Class)
DNP3 Secure Authentication**	<ul style="list-style-type: none">• Pre-shared key change method supported• AES-128 and AES-256 Key Wrap Algorithms supported• HMAC-SHA-1, HMAC-SHA-256, AES-GMAC MAC Algorithms supported• Aggressive Mode supported

*Please refer to the DNP Master Device Profile document and product manual for a full list of all supported functions.

**Please refer to the product manual for a detailed description on DNP3 Secure Authentication v5.

EtherNet/IP Specifications

Specification	Description
Connector	RJ45
Conductors	CAT5 STP/UTP
ARP Connections	Max 250
TCP Connections	Max 250
CIP Connections	Max 10
Communications Rate	10/100 Mbps
Duplex Mode	Full / Half / Auto Negotiate
Auto MDIX	Yes
Embedded Switch	Yes, 2 x Ethernet ports

Modbus TCP/IP Specifications

Specification	Description
Mode	Client or Server
Connector	RJ45
Conductors	CAT5 STP/UTP
ARP Connections	Max 40
TCP Connections	Max 40
Communications Rate	10/100 Mbps
Duplex Mode	Full / Half / Auto Negotiate
Auto MDIX	Yes

Modbus RTU Specifications

Specification	Description
Mode	Master or Slave
Connector	9-pin (RS232/485)
Communications Rate	115,200 bps (maximum)

Global Distribution

ProSoft Technology® products are distributed and supported worldwide through a network of over 500 distributors in over 50 countries. Our knowledgeable distributors are familiar with your application needs. For a complete list of distributors, go to our website at: www.prosoft-technology.com

Global Support

We are there for you

All ProSoft Technology products are backed with free technical support. Contact our worldwide Technical Support team directly by phone or email.

Global Offices

We are where you are

ProSoft Technology has regional offices worldwide available to help you with all your industrial application needs. If you need help choosing a ProSoft Technology solution for your particular application check out our contact information under distributor sales on the website at: www.prosoft-technology.com

Whether your application is large or small, our technical professionals are there to help you choose the right communication solution.

Physical Specifications

Specification	Description
Enclosure Rating	IP20, NEMA/UL Open Type, DIN Rail Indoor-Use Only
Dimensions (H x W x D)	5.86 x 1.33 x 4.56 in 149 x 34 x 116 mm
Ethernet Port	(2) 10/100 Base-T, RJ45 connector
Serial Port	(2) RS232, RS485 (1 x 9-way terminal)
USB	(1) USB2.0, Type A Recommended USB Cable: Type-A (male) to Type-B (male)
microSD Card	Yes

Electrical Specifications

Specification	Description
Power	Input: 10 to 32V DC, (121 mA @ 24 VDC)
Power Consumption	3.1 W (Including full load on USB of 200mA) 300 mA maximum
USB Power	5V, maximum load of 200 mA (1W)
Connector	3-way terminal
Earth connection	Yes, terminal based

Environmental Specifications

Specification	Description
Operating Temperature	IEC 60068 -4°F to +158°F (-20°C to +70°C)
Relative Humidity	IEC 60068-30 5% to 95%, with no condensation
Altitude	<2000 m

Hardware Specifications

Specification	Description
Earth Connection	Yes, terminal based
Emissions	IEC 61000-6-4
ESD Immunity	EN 61000-4-2
Radiated Immunity	IEC 61000-4-3
EFT/B Immunity	IEC 61000-4-4
Surge Immunity	IEC 61000-4-5
Conducted RF Immunity	IEC 61000-4-6
